# FORWARD

---

The purpose of this handbook is to provide information necessary for effective planning of the educational program of each student who attends Forsyth High School and should be used as a guide by students, parents, teachers and other staff members responsible for such planning.

The policy making body of Forsyth R-III School District is the Board of Education, whose members are selected by the people. Procedures outlined in this handbook are consistent with the [policies adopted by the Board of Education](#). The Superintendent is responsible for carrying out board policies. The Principal is responsible to the Superintendent for proper operation of the school.

This handbook is written with the belief it will help you make Forsyth the best school you could attend. It must be understood that not all rules, regulations and policies necessary to the effective operation of the school can be included in this handbook.

## Welcome

If you will only take advantage of this opportunity, you will receive the quality education we are striving to offer. Remember, the school will be whatever you make it. Let us always have the spirit to do the thing, which will make it outstanding. All things considered, it is the *student* that is most influential in deterring the kind of year he/she has.

---

The Superintendent of Schools may dismiss school due to weather, mechanical failure or other emergencies that may arise. Notice to the public will be made over the following radio stations: KRZK, KOMC, KWTO and KTTS *and* the following television stations: KY3, KOLR and KSPR. A School Reach alert may be sent by phone with school information.

## Use of Facilities

---

Prior arrangements should be made with the Athletic Director for any activities which may require the use of the building after school hours. Arrangements should be made at least one week in advance and the sponsor of the organization or activity is to make the request. Groups outside the school wanting to use school facilities must apply through the Superintendent's Office.

There will be no Sunday use of school facilities for practices unless prior approval is granted by the administration. All practices will be over and the buildings empty no later than 6:30 on Wednesdays. Any activity on Wednesday evening must receive approval from school officials. Facilities may be used by the general public as outlined by school board policy.

## Parent/Guardian Conferences

---

Each teacher has a planning period. Parents/guardians may call the high school office to request a time for a return phone call or conference with a teacher. We would encourage parents/guardians to do so anytime there is a concern.

## Fees & Charges

---

1. Students desiring to construct special projects in courses such as art, home economics, or shop, shall pay for needed materials as they are utilized. All required items constructed by the student in such courses might be purchased from the school for the cost of the materials used.
2. Clubs and organizations not required for academic credit may charge membership dues.
3. Where the student causes the willful or negligent destruction of property, the school district may assess charges to cover the cost of repair or replacement of property.
4. Fines may be imposed in classes, such as art or shop, if items loaned are not returned promptly so other students may use them.
5. The school district may withhold a student's participation in dances, extra-curricular activities, and the graduation ceremony for failure to pay charges assessed by the school.

## Visitors

---

All visitors to the school are to report to the high school office upon entering the building or school grounds. Visits for non-school business are not allowed. Parents and Guardians may eat lunch with their student with pre-approval from the high school office.

## Lockers

---

**ALL STUDENTS WILL BE PROVIDED WITH A LOCK AT THE BEGINNING OF SCHOOL.** Locker assignments are made by the administration. Students are not to trade lockers or locks. **Failure to return your assigned lock at the end of the year will result in a \$4.00 replacement fee.**

Lockers will work properly if treated properly. Problems that may occur should be reported as soon as discovered. Students who misuse lockers may lose the privilege of having a locker to use.

Students are encouraged to keep lockers neat in appearance and to keep the doors closed when not in use. Students are reminded that lockers are the property of the school and are subject to inspection and search by school administration without notice.

## Hall Passes

---

No student may leave a classroom unless excused by the teacher. Any student not in class must have a pass. It should not be necessary for a teacher to give students passes to go to their lockers or to the restroom on a frequent basis. Parking lot and Middle School passes can only be obtained from the high school office. ***Students are not to go to the other buildings or the parking lot without a pass issued from the office, except to attend an assigned class.***

## Absentees

---

When a student returns to school following an absence, the student is required to bring a note or have a phone call from a parent/guardian explaining the reason for the absence. If the note is received prior to the absence, a second note is not necessary upon return to school. The student absence will be verified in the computer and marked with a V. The student will be allowed to make up work missed during the absence. Students will have one day to make up work for each day they are absent. This does not affect the due date of previously assigned work or tests.

Students who fail to present a written excuse from a parent/guardian may not be granted credit for make-up work.

## Withdrawal from School

---

Students withdrawing from school must obtain a withdrawal form from the high school office. All school property will be returned to the appropriate school authorities and all outstanding fees or bills will be paid. Parents are expected to accompany the student to school at the time of withdrawal.

## Leaving School Grounds

---

Once a student steps foot on school grounds they are considered at school. A student must never leave school before the regular dismissal time without permission from the administration. When a student needs to leave school early, they must present a parental permission note before their first class so the note can be verified if necessary. Students may also have a parent/guardian call the school to leave school early. The parent/guardian will be asked a security question prior to the release of the student. Students must sign out in the office prior to leaving. Students may not return to school that day unless a parent/guardian accompanies the student to the office to sign the student back into school. **Students leaving without permission will be considered truant and will be disciplined according to policy.**

## After School Activities

---

Students attending ball games or other activities are expected to support their peers in the activity in a display of good sportsmanship. Students who cannot behave appropriately at after school activities will not be allowed to attend further activities. Students must attend four (4) full class periods the day of the activity in order to attend or participate, unless prior permission has been granted by administration. Students who cannot behave appropriately at after school activities or owe fines/fees to the school may not be permitted to attend after school activities, including Homecoming and Prom.

## Music Programs

---

The music department prepares for and presents several programs throughout the year. These are held at night and are open to the public. In addition, the band and Select Choir perform at various functions and in parades in Forsyth and nearby communities.

## Principal's Office

---

A student should never ask to go to the office during class unless ill or called for by the office personnel. In addition, a student should not come to the office between hours unless an urgent matter arises. Students are expected to maintain an attitude of business and quiet whenever they are in the office.

## School Dances

---

All school dances must be approved in advance and placed on the school calendar. They shall be supervised by at least 3 staff members. Most dances are open to Forsyth High School students only. Guests may attend some dances when invited by a FHS student and upon approval by the school. **Students who have not reached high school may not be invited to FHS dances.** Homecoming King and Queen are not eligible to become Prom King and Queen Candidates during the same school year.

## Assemblies

---

Assemblies are an important part of our school program. The faculty, administration and student organizations will schedule a variety of programs. An attempt will be made to make the programs both enjoyable and educational. Admission may be charged for some assemblies and students will be notified in advance when this is to be the case. One of the educational values of assemblies is training in good audience behavior. It is each student's responsibility to be respectful, courteous and attentive at all times.

## Telephone Calls

---

### **THE PHONES IN THE OFFICE ARE FOR SCHOOL PERSONNEL USE ONLY.**

Unless it is an emergency, students will not be called out of class to answer the phone. However, messages will be taken and relayed to the student toward the end of the school day. Students who need to contact parents during the school day may do so in the office on their personal cell phones upon administration approval.

## Conduct in Halls

---

The halls are very crowded between classes as well as before and after school. Therefore, it is necessary to observe certain rules so disruptions, confusion or other problems are kept to a minimum. Students are to be courteous to others in the hall. Students are to avoid running, shouting, whistling, slamming lockers and other forms of unnecessary loudness at all times. Do not loiter at lockers or stand in groups blocking the hallways. Please make an effort to keep the halls clean by placing waste paper and other refuse in trash cans.

## Care of School Property

---

It is the responsibility of each student to see that school property is kept in good condition. Vandalism of any sort will not be tolerated. Students will be held responsible for the proper care of all laptops, books, supplies, apparatus and furniture provided by the Board of Education. Pupils who deface or mar school property will be required to pay all damages and will be subject to disciplinary action. Please also refer to the Parent/Student Laptop Handbook for specific guidelines regarding the use of school issued laptops.

## Vending Machines

---

Pop or juices may only be purchased before school, at lunch and after school. The machines will be turned off during the day. Open cans of pop, juice, and milk are not to be kept in lockers.

## Pop and Food in the Classroom

---

With the exception of special occasions (class celebrations or other non-instructional events), no food or drink will be permitted in the classroom. **Bottled water will be permitted**, but should not be left open and kept away from laptops.

## Lost and Found

---

A Lost & Found is maintained through the principal's office. Students who either lose or find items should report this to the office. Loss of property may be minimized by locking items in lockers, placing the owner's name on every article, and by not leaving personal items unattended.

## Daily Announcements

---

A daily bulletin with items of student and teacher interest will be sent to students and staff members via email each afternoon.

## Activity Calendar

---

An official school calendar is kept in the principal's office. To eliminate conflicts and confusion, teachers, sponsors and students are to schedule events with the office as early as possible. All dates and activities must be coordinated with the Activities Director and approved by the principal before they will be entered on the calendar.

## Student Safety

---

On rare occasions students are needlessly hurt during the school year. In most instances, injury could be avoided if students would be more cautious and simply think before acting. To minimize the possibility of injury, students are expected to obey the following rules:

1. Report accidents promptly and accurately to the principal.
2. Inform someone in authority of unsafe practices in the building, school grounds and/or streets.
3. Help keep the school building clean and hazard free.
4. Remain calm and follow the directions of the principal and school personnel during safety drills and other emergencies.
5. Students participating in agriculture and lab classes are required to wear safety glasses or goggles and must follow the safety rules set for each class.

## Safety Drill Instructions

---

A CRISIS RESPONSE GUIDE is posted in every classroom. Teachers and students will respond appropriately to the situations described in the guide through a series of safety drills conducted during the school year. Students are to follow the instructions of school personnel during all crisis responses. Crisis response includes evacuation, severe weather, and lockdown.

## Automobiles

---

Students driving to school must park on school grounds. Permits are required for designated areas. Upon entering school grounds, students are to park their vehicle in the designated area and leave it until school is out. No student will be allowed to enter or move a vehicle during the school day unless granted permission by a high school administrator.

Students are expected to operate their vehicles in a safe manner at all times while on school property. Any infraction of the rules related to operating a motor vehicle on school grounds will result in temporary or permanent loss of driving privileges on school property.

If there is sufficient reason to believe a vehicle contains drugs, alcoholic beverages or other items which may be disruptive to the educational process or destructive to the school facility, the driver shall be asked to open the car and show school authorities that none are in the vehicle. Vehicles should not be left unattended overnight in the parking lot. The school is in no way responsible for vandalism of student vehicles.

## Food Services

---

The cafeteria is maintained for the convenience of the students of FHS. A nutritious breakfast and lunch is available daily. Additional milks and second lunches are available for purchase by all students.

FHS maintains a “Closed Lunch” period, therefore, **STUDENTS MAY NOT LEAVE THE SCHOOL GROUNDS FOR LUNCH.** Classes will be divided into two sections during the lunch period.

It is imperative that students maintain proper conduct in the cafeteria. Running, pushing, crowding will not be allowed. Noise should be kept to a minimum so as not to disturb classes that are in session. Students who cannot act as ladies and gentlemen while in the cafeteria will be denied the privilege of eating there.

Students who pay **full price or reduced price for their lunch** should maintain a positive balance in their lunch account. Students who have more than a **\$5 deficit in their lunch account** will not be allowed to purchase a regular lunch. Students on the **free lunch program** will receive a regular lunch at no cost. However, free lunch students may not purchase ala carte items or another lunch without having money in their account to pay for the extras.

1. Each student will be issued an ID card and number. The ID number is to be used by one student only. **Students must present their ID card/number when purchasing their meal. Students who persist in going through the lunch line without knowing their number will be denied service and/or disciplined.**
2. If a student shows a deficit in their lunch account they should make a deposit into their account immediately. Deposits must be at least \$5. There will be a 24 hour processing period for funds deposited into your account. An **alternative meal** will be served to you

during this period (mainly peanut butter sandwich and milk). There will be a charge to your account for these meals (.50 for the peanut butter sandwich and milk - *no substitutions or deletions*). Another option to this would be to bring your lunch from home.

3. Students attempting to purchase a regular meal or ala carte item, while being more than \$5 in deficit, will have that meal or item taken away. **It is the student's responsibility to keep track of their lunch account balance.**
4. A student may purchase a lunch for another student, but must be present with their ID card/number when the lunch is purchased.
5. Students may not eat in the elementary cafeteria.

## Health Services

---

If a student becomes ill during the school day or requires first aid, the student is to be sent to the office. UNDER NO CIRCUMSTANCE SHOULD A STUDENT GO DIRECTLY FROM CLASS TO THE NURSE. Aspirin, Tylenol, etc., is **NOT** available either in the office or from the nurse. Should a student be seriously ill and need to be sent home or to a hospital, parents will be notified. Each student must have an emergency telephone number on file with the nurse. All students must have permission from the office **BEFORE** going home for illness.

The school nurse is responsible for maintenance of health records, including immunizations for each student.

**Students' immunizations must be up to date and current or they will NOT be allowed to attend school.**

## Health Standards

---

The school nurse, with the consent of the principal, may require a pupil suspected of having a disease or of being able to transmit a disease to be excluded from school according to school policy for prevention and control of communicable diseases. These students may also be required to be examined by a physician and to provide a written statement of health before returning to school. Any pupil not complying may be excluded from school. Children who become ill at school should be taken to the health office and a decision will be made there as to calling a parent, doctor, etc.

## Medication for Students

---

The diagnosis and treatment of an illness and the prescribing of medication are never the responsibility of a school, and should not be practiced by school personnel. It is the expectation of the district that all prescribed medications are administered by the student's parent at home. The district acknowledges, however, that some students may require prescribed medication during the school day. In these cases, medications will be administered according to the law and school administrative procedures which are listed below.

1. Medications must be prescribed by a person licensed by a state regulatory board or otherwise to prescribe medications by state law.
2. The prescription must be in the original container with the directions for administration at school on the container. The district will not administer the first dose of any medication. Medication authorization forms must be completed and signed by the parent. This form must be renewed if there is a change to medication type, dosage, or frequency and at the beginning of each school year.
3. The school nurse (or any other staff member) may not be verbally directed by a parent to administer medication to a student. This included over-the-counter medications such as Tylenol or Ibuprofen.
4. Over-the-counter medications can be administered at the school if there is written permission from the parent or guardian. This form is available in the nurse's office. Parents must supply medication and bring it to school on the original packaging.
5. **Medications (over-the-counter or prescription) cannot be transported on the bus.**
6. **Students are not allowed to dispense any medication (prescription or over-the-counter) to his/her self or to others at any time.** Please note that insulin dependent diabetics may self-administer with the nurse's supervision.
7. The school nurse may offer the following remedies to your child: peppermint candy (soft, quick dissolve used for younger children), Chloraseptic throat spray, menthol cough drops, triple antibiotic ointment, saline eye wash, Calamine lotion, Aloe Vera lotion, bandage adhesives, hydrogen peroxide, topical lidocaine burn gel, muscle rub, TUMS antacid chewables, Orajel/Anbesol (benzocaine) and Carmex/Blistex lip ointment. If your child is allergic to any of these products or if you would like a specific product to be withheld from your child, please submit a letter addressed to the school nurse listing the remedies listed in #7 to be withheld from your student.

## Health Insurance

---

Supplemental insurance is available on a voluntary basis for each student in school. This insurance provides for coverage of injury while at school-sponsored events. Students are not covered under the insurance if they drive or ride with someone to and from school. They must be on the school bus to be covered. All students participating in athletics must be covered by insurance. If a student does not purchase school insurance, a statement from a parent or guardian will be needed to show proof of insurance. In addition, it is **STRONGLY** recommended that students enrolled in the following classes be covered by some type of insurance:

1. Vo-Tech
2. Agriculture
3. JROTC
4. Physical Ed.

## Communicable Disease Policy

---

A student shall not be permitted to attend classes or other school sponsored activities if the student is known to be afflicted with, or liable to transmit, any contagious or infectious disease unless the Board of Education, or its designee, has determined based on medical evidence that:

1. Student is no longer infected or liable to transmit the disease, or
2. The student is afflicted with a chronic infectious disease which poses little risk of transmission in the school environment with reasonable precautions.

Any student permitted to attend school with a chronic infectious disease must do so under specified conditions. Failure to adhere to the conditions will result in the student being excluded from school. Any student determined to have a chronic infectious disease and who is not permitted to attend school will be provided instruction in an alternative educational setting in accordance with district policy.

Students with a contagious or infectious disease, and their families, have a right to privacy and a need for confidentiality. Only staff members, who have a medical reason to know the identity and condition of such students, will be informed. Willful or negligent disclosure of confidential information about a student's medical condition by staff members will be the cause for disciplinary action.

The district will implement the "Reporting Disease Outbreak Control Measures" in accordance with 19 CSR 20-20.010 through 20-20.060 and 20-28.010.

## Teaching about Human Sexuality

---

The Forsyth School District recognizes that parents/guardians are the primary source of sexuality education for their children. The Board also recognizes that effective sexuality education, taught in concert with parents/guardians, helps students avoid risks to their health and academic success and prepares them to make informed decisions as adults. Therefore, pursuant to the requirements of state law, any course materials and instruction relating to human sexuality and sexually transmitted diseases shall be medically and factually accurate. However, this requirement may be reduced to seven semesters with approval of the R-III Board of Education. The Modified Graduation Policy requires students to have seven successful semesters of attendance, and meet all other graduation requirements. In addition, the student must have an appropriately planned educational experience with one of the following:

## Part-Time Attendance

---

The ultimate goal of any high school student should be the attainment of a diploma. FHS is organized to provide all high school students a full four year program with many and varied opportunities to meet the needs of each student. Occasionally, circumstances dictate the need for part-time enrollment. Students wishing to attend part-time should take care to plan an individual program that will lead to the completion of courses required to earn a diploma. Requests for part-time attendance will be considered for the following reasons:

1. Students needing to work due to family finances.
2. Students wanting to attend a nearby college/university.
3. Students working for an employer or vocational training as part of a planned educational experience.

*All requests for part-time attendance must meet the following guidelines:*

1. Requests are to be made prior to the start of the semester in which the part-time attendance will occur.
2. A letter of application must be filed with the principal, including a statement of intent signed by the student and parent/guardian.
3. An application filed with the appropriate educational institution, or a statement from the business or employer providing the on-the-job training.
4. Student must have reached the junior status. Part-time status will not be granted to any junior or senior not on schedule to graduate at the end of their senior year. Students must maintain passing grades in all classes in which enrolled.
5. Students who attend part-time and attend less than 6 credit classes will not be eligible for MSHSAA sanctioned activities.
6. Schedules will not be broken up. For example, students may not attend first block, leave for the next block and return for the following block, etc.
7. Students attending less than full time will not be included in class rank, honor roll and Academic Honor Club.

## Valedictorian, Salutatorian, Top Ten Percent

---

The valedictorian and salutatorian of a graduating class must have completed at least two of the four years at Forsyth High School. To be eligible for the valedictorian, salutatorian and George Washington Top Ten Percent awards at Forsyth High School, a student must meet the requirements for the Advanced Studies Diploma.

## Class Rank

---

The class rank of Forsyth High School graduates is determined on the basis of average grade point in all courses taken for credit during grades 9 through 12. Grade point will be figured on a four point system. Weighted courses will factor into class rank beginning with the Class of 2018.

Students entering from another public accredited school must attend Forsyth two full semesters in order to be ranked in the class. Students entering Forsyth from other than a public accredited school must attend four full semesters to be ranked in the class. **Students attending part-time or graduating at seventh semester will not be included in the class rank.**

## Weighted Grades

---

Honor points are awarded based on semester grades at the end of 1<sup>st</sup> and 2<sup>nd</sup> semesters. Grade point averages are based on a four-point scale. One honor point for each class will be added to the total grade point for a student who earns a C or better in a weighted course. The following courses will be weighted:

<b>DC US History</b>	<b>DC Chemistry</b>	<b>DC College Algebra</b>
<b>DC English</b>	<b>DC Computer Apps</b>	<b>DC Art History</b>
<b>DC Personal Finance</b>	<b>DC Astronomy</b>	<b>DC Geology</b>
<b>Honors Choir*</b>	<b>Honors Band</b>	

*\*Courses will be weighted by a comprehensive point system specific to each course.*

Weighted grades will factor into class rank beginning with the Class of 2018.

## Academic Honor Club

---

This award is designed to reward those students who have excelled in the academic area. In order to receive an Academic Honor, the following requirements must be met:

1. Students must be in attendance full-time.
2. Students must earn a 3.0 or higher grade point average the first semester and 3.0 GPA at progress report 6 of the second semester.
3. Any student who transfers to Forsyth must attend our school a full year to be eligible for a certificate. In addition, they must have earned a minimum grade point average of 3.0 at their previous school and maintain at least a 3.0 grade point average the first semester at FHS.
4. Academic Honor Club Members will be recognized each spring at an awards ceremony. Each student will be presented with an Academic Honor Club Certificate and the honor noted on their Official Transcript.

## Grade Point Average

---

Grade point average (GPA) is an accumulative numerical average of all semester grades earned during high school. The point values are assigned as follows:

<b>Non-Weighted</b>		<b>Weighted</b>	
<b>A</b>	<b>4.0</b>	<b>5.0</b>	<b>A</b>
<b>B</b>	<b>3.0</b>	<b>4.0</b>	<b>B</b>
<b>C</b>	<b>2.0</b>	<b>3.0</b>	<b>C</b>
<b>D</b>	<b>1.0</b>	<b>1.0</b>	<b>D</b>
<b>F</b>	<b>0</b>	<b>0</b>	<b>F</b>

## Report Cards

---

Report cards showing student grades are issued at the end of each semester with one card being issued for all subjects. Progress reports will be sent periodically throughout the semester and neither needs to be returned to the school. The grading system is based on the following percentage scale:

<b>A</b>	<b>90-100</b>
<b>B</b>	<b>80-89</b>
<b>C</b>	<b>70-79</b>
<b>D</b>	<b>60-69</b>
<b>F</b>	<b>59 and below</b>

Incomplete grades may be given. All course work is to be completed by the deadline set by the instructor.

## Progress Reports

---

Parents may view the progress of their student on the SIS system by signing up in the office with an email address. Progress reports will be sent home about every three weeks during the semester. Parents are encouraged to communicate with the educational staff.

## Honor Roll

---

A Principal's Honor Roll of all students earning a straight 4.0 GPA or better will be published at the conclusion of each semester.

In addition, at the conclusion of each semester, an Honor Roll of students earning a 3.01-3.99 will be published.

Weighted courses will factor into Honor Rolls beginning with the class of 2018.

## Exams

---

Final exams will be given at the end of each semester in every class. Final exams in college prep classes will be comprehensive. Mid-term exams will be given at the discretion of each teacher.

## Guidance Services

---

The Forsyth R-III School District offers guidance services with the hope we may provide each student with individual guidance and counseling.

All students will have the opportunity to meet with the counselor and discuss future educational and occupational plans. We urge you to take advantage of this opportunity.

## Changing a Class

---

All students are to be enrolled in 7 classes for credit. Students wishing to change a class are to do so during the first 3 school days of the semester. A student must fill out a Class Change Request Form including their parents and teacher's signatures before the counselor will consider the request. If a student chooses to drop a class after the announced deadline the student will receive an "F" for that class. The student may then be admitted to another class if available, but will be responsible for making up all work since the beginning of the grading period. A dropped class will result in an "F" grade and become part of their official records. The dropped grade will also be used to calculate G.P.A. and class rank.

If the instructor, administration, counselor, student and parents reach a consensus that it is in the student's best educational interest to change classes, he/she may do so without being penalized if another class may be scheduled.

## Grade Classification

---

Student grade level is determined by the number of years completed at the high school level beginning with grade nine.

## Testing

---

The ACT, SAT, PSAT, PLAN and ASVAB will be given on the dates listed below and are voluntary: The **ACT** registration and test dates are as follows:

**PSAT, PLAN, and ASVAB** will be administered during October or November.

**End-of-course (EOC) assessments** will be administered in accordance with law and the rules of the Department of Elementary and Secondary Education (DESE). In courses where EOC assessments are given, the superintendent will determine what percent of the course grade will be decided by performance on EOC assessments.

If a student is taking a course that requires an EOC assessment and is failing the course or for some other reason may be required to retake the course, the district may choose to delay administration of the EOC assessment until the student has completed the course the second time. A team consisting of the course instructor, the principal and a counselor will determine when delayed administration of an EOC assessment is appropriate. In the case of a student with an Individualized Education Program (IEP), the IEP team will make the determination.

## Scholarships and Financial Aid

---

Many scholarships are available each year to graduating seniors. These vary in monetary amounts, qualifications and application deadlines. ***COMPLETION OF THE APPLICATION PROCESS IS THE RESPONSIBILITY OF THE STUDENT.***

Information about scholarships or other financial aid is available in the Counselor's office and is included in the daily announcements. Students interested in obtaining financial aid should plan their high school course program to make them competitive. Students must assume the responsibility for being aware of the information available. The Counselor is here to assist you and students should take advantage of that help.

## ATTENDANCE POLICY

---

**M**issouri Law requires every parent or guardian, having control or custody of a child between the ages of 7 and 17, to cause said Forsyth R-III School child to attend a school not less than the entire school term of the school which the child attends. Any parent or guardian who violates the provisions of Sections 167.031 to 167.051 RSMO is guilty of a misdemeanor. Parents who do not abide by the compulsory attendance law will be referred to local authorities.

There is a direct correlation between regular attendance and academic achievement. It is expected that each student will attend classes every day. Only through regular class attendance and a commitment to personal and educational growth can students achieve optimum benefits. This attendance policy is not intended to penalize students who have an occasional illness or who miss infrequently for approved reasons. It does, however, emphasize that students are responsible for their attendance. Because a parent excuses an absence, does *not* mean the school will excuse it. Any student who misses more than 5 periods of class per semester will be in jeopardy of losing credit in that class. In the high school, a student with excessive absences (more than five) would miss almost 300 minutes of instruction. That amount of missed instruction is substantial and would significantly compromise a student’s comprehension of the subject matter. The office must be notified by parental note or telephone call when a student is absent or they can be considered truant or “skipping school”.

### Exceptions to Five (5) Day Limit

The following absences may be subtracted from the 5-day limit.

1. Written verification (must include date of visit and signature) by physician or dentist that the student was under their care and excused from school.
2. A family emergency such as a death or an immediate family member was hospitalized. No more than 1 day will be allowed without administrative approval.
3. Required attendance at a legal proceeding, written verification (this must include date of proceeding and signature) from a judge or court officer will meet exemption.

**\*\* Time served in Out of School Suspension is NOT an exception to the Five Day Limit \*\***

### Attendance Recovery School

Attendance Recovery School is from 8:00 a.m. to 12 noon on scheduled Saturdays. If credit is lost, the student will be required to attend Attendance Recovery School, tutoring (before or after school by appointment), or Summer School. One (1) hour of Attendance Recovery School, approved before or after school tutoring, or Summer School session is required for each class hour lost. A

student who loses credit due to attendance will receive an “I” for incomplete on the report card. The “I” will remain until the seat time has been recovered.

Students missing 6 consecutive days without contact with the school will be dropped for non-attendance. Furthermore, a student dropped for non-attendance will not be allowed to re-enroll until the start of the next semester. Students must enroll in the first 6 days of the semester unless they are a transfer from another school. Transfer-in students must enroll within 6 days of leaving their previous school.

## 90% Attendance Incentives

---

Attending extra-curricular activities is a privilege and not a right. With this in mind, Forsyth High School has developed incentives for attending Prom, Homecoming, Court Warming, etc. For each event, a student must have maintained 90%+ attendance for the defined attendance segment prior to each event.

Each incentive including its corresponding attendance segment will be clearly defined and communicated to students and parents.

This policy exists separately from the academic attendance policy previously stated.

## DISCIPLINE POLICY

---

One of the most important lessons education should teach is discipline. While it does not appear on the schedule as a typical subject, it underlies the entire educational process and structure. Discipline is an attribute that develops self-control, character, organization and orderliness. It is the key to proper conduct and relationships, not only with you, but with others.

The responsibility of proper conduct lies with each individual student, not the teacher, principal or parents. Individual decisions are made, and if wrong, responsibility for that action must be accepted. It is hoped this policy will serve as a guide for those who are unsure of proper behavior and will be an aid to improvement of the overall school climate.

### Discipline Measures

---

1. **DETENTION:** Detention may be served from 7:30 a.m. to 8:15 a.m. or at 3:10 p.m. to 3:55 p.m. The exact date and time will be assigned at the discretion of the administration. The student will follow all detention guidelines as approved by the District. Changes in assigned detentions can be made only by the parent/guardian with a note or telephone call prior to the scheduled detention.
2. **IN-SCHOOL SUSPENSION (ISS):** The student is under the supervision of a teacher the entire day and isolated from the normal school routine. Work completed while in ISS may be made up for credit. Inappropriate behavior while in ISS may result in out-of-school suspension. The suspension will end at midnight of the last day assigned.
3. **OUT-OF-SCHOOL SUSPENSION (OSS):** The student is to remain out-of-school and not within 1000 feet of campus day and night while suspended. Student may not attend any school activities, home or away, or any practices, while suspended. Makeup work can be done in before or after school tutoring and/or Saturday school after the suspension has ended. The suspension will end at midnight of the last day assigned. OSS days will count only when school is in session. **Time served in OSS is NOT an exception to the Five Day Attendance Limit.**

The use of the aforementioned disciplinary measures does not preclude normal classroom management procedures. The following policy is a guide to be used for consistency and fair

treatment of all students. Situations that disrupt the educational process, involve the safety of self or others, or are extremely severe in nature, may warrant increased disciplinary measures at the discretion of the administration.

Penalties are meant to be progressive in severity and eventually result in long-term suspension or expulsion from school if the behavior is repeated. Violations by the same student, in different discipline situations, may be dealt with in a progressively severe manner. In instances where the Missouri Safe Schools Law applies, the authorities will be summoned. School discipline handed out will be separate from that of the authorities.

## Due Process

---

Students have the right of due process concerning disciplinary actions:

- a. Given oral or written notice of the charges against them.
- b. Given the opportunity to present their version of the incident.
- c. Given oral or written explanation of the proposed disciplinary action(s).
- d. The opportunity to appeal.

## BUS TRANSPORTATION POLICY

---

The school buses are owned and operated by the school district and are under the jurisdiction of the Board of Education. The school administration has the authority to make necessary rules and regulations concerning the use of school buses. Student appreciation for this service can be shown by good conduct on the bus, following the directives of the driver, and also by considerate treatment of the bus equipment.

In order to insure the safest possible environment for ALL students on the bus, the following discipline policy is in effect for ALL students that CHOOSE to ride:

1. Obey the directives of the bus driver.
2. Be courteous: no pushing, shoving, swearing, fighting etc.
3. No illegal substances: tobacco, drugs, alcohol, weapons etc.
4. Do not eat or drink on the bus.
5. Do not damage bus or equipment.

- Insubordination causing an unsafe bus climate

## EXTRA-CURRICULARS, SPORTS, & PHYSICAL EDUCATION

---

Fun, fellowship and respect for an opponent are only a few of the advantages extra-curricular activities and athletic competition furnishes for those who participate. These activities, aside from the regular classroom, are a very important part of any school's curriculum. The values that can be learned from participation, above and beyond the normal school day, can be invaluable.

The activity program should stand for good sportsmanship. It must be understood that participation in any activity at FHS is a privilege, not a right. The privilege to participate can be lost for rules violations and/or failure to meet eligibility guidelines.

The student and the school are judged by the participant's character and conduct at all times. The students are representatives of their school and community both at home and on the road. Students serve as a model to many people and their attitude has an important impact upon others.

Any student whose habit and conduct, in or outside the school, during the school term or in the summer, are not consistent with the ideals, principles and the standards of the Forsyth Schools shall be declared ineligible.

Student/athletes should be aware their academic work comes first and that academic standards will be adhered to throughout the year.

Good sportsmanship should be practiced at all times by all participants. It should be remembered that the actions of an individual athlete may affect many people and constant attention to this fact is a principle on which this handbook is based.

Students wishing to participate in FHS sanctioned competition must meet the following eligibility standards set forth by Forsyth R-III School District:

1. Must be a creditable citizen.
2. Must have passed 6 classes the previous semester and must be currently enrolled in at least 6 classes.
3. Must be in attendance for four (4) full periods of the school day to participate in any game or practice (exceptions to this rule may be granted by administration).
4. Students serving “out-of-school” suspension will NOT be eligible to attend any school activity the day and night of the suspension.
5. Students will follow District guidelines regarding riding “school provided transportation” to and from activities.
6. Regular attendance for classes, practices, games, team or activity meetings.
7. Students must meet the coach or sponsor’s standard of conduct and performance.
8. Students participating in athletics, Cheerleading or dance squad must have a current/approved physical on file in the school nurses office *prior* to any practices or contests.
9. Cheerleaders have other expectations and guidelines that pertain to them to which they must abide.

**FAILURE TO ABIDE BY ANY OF THE ABOVE ELIGIBILITY STANDARDS MAY RESULT IN IMMEDIATE INELIGIBILITY TO PARTICIPATE IN ALL FORSYTH HIGH SCHOOL ACTIVITIES.**

## Eligibility

---

Students wishing to participate in Forsyth School and [MSHSAA](#) sanctioned activities must meet the eligibility standards set forth by the Forsyth School and the Missouri High School Activities Association.

1. **CITIZENSHIP:** Student/athletes must be a creditable school citizen. Creditable school citizens are those students whose conduct, both in and out of school, will not reflect discredit upon themselves or their school.
2. **ACADEMICS (Grades 9 –12):**
  - a. Must be currently enrolled in and passing courses that offer a minimum of 3.0 units of credit (6 courses).
  - b. Must have earned at least 3.0 units of credit the preceding semester of attendance.
  - c. Must be making satisfactory progress toward graduation.
3. **BUS CONDUCT/RULES:** All rules pertaining to behavior on buses as outlined in the student handbook shall also pertain to activity trips.

Students representing Forsyth School must ride school provided transportation to and from the game or meet. Students may be released to their parents for the ride home provided the parents personally make the request to the coach, and sign a permission/release sheet or provide the coach/sponsor with a signed note. Students will be released to parents only unless prior arrangements have been made with the administration.

## Good Conduct Rule

---

Any student who is observed by a staff member or a law enforcement officer, either on or off school grounds or at a school activity, or admits to, or at a judicial or administrative proceeding is found by substantial evidence to have any of the following below. This rule is cumulative through the student's High School career.

1. Possessed alcoholic beverages with knowledge, intent and control thereof;
2. Consumed alcoholic beverages;
3. Possessed a controlled substance(s) and/or drug paraphernalia as defined by law, without a prescription, and with knowledge, intent and control thereof;
4. Used or offered for sale any controlled substance as defined by law;
5. Committed theft, vandalism, or other serious offenses, including those, which would violate the Missouri code of law, as to make the student unworthy to represent the ideals and standards of this school.
6. These consequences are in addition to and separate from discipline administered elsewhere in this handbook.
  - a. Due process will be afforded students for violations of the Good Conduct Rule.
  - b. A student who has been found to have violated the Good Conduct Rule will be disciplined as follows.
    1. **FIRST OFFENSE:** The student in violation will be suspended from all activities for a period of 4 games.
      - a. If in the off-season, the suspension shall begin the first day the activity is scheduled to begin.
      - b. Scrimmages, practices and team meetings are not included in the suspension.
      - c. The length of the suspension may be adjusted by the administration if the student agrees to an assessment, at the student's expense, by an approved agency, or voluntarily reports the violation of the Good Conduct Rule.
    2. **SECOND OFFENSE:** Student in violation will be suspended from all activities for a period of 8 games while school is in session.
      - a. The suspension may carry over from one year to the next.
      - b. The student must complete the entire season in order for the suspension to count.
    3. **THIRD OFFENSE:** The student in violation will be permanently suspended from all activities.

The effects of the use of all tobacco products creates a long term danger to the user and should be dealt with differently than alcohol, controlled substances or serious violations of the law. Since the immediate danger of tobacco products is less, the discipline for the use should not be as harsh. This policy includes the use of an e-cigarette.

1. **FIRST OFFENSE:** Suspension from all activities for a period of 1 game.
  - a. Scrimmages, practices, and team meetings are not included in the suspension.
2. **SECOND OFFENSE:** Suspension from all activities for a period of 4 games.
  - a. Scrimmages, practices, and team meetings are not included in the suspension.
3. **THIRD OFFENSE:** Suspension from all activities for a period of 8 games and consecutive offense thereafter will be 8 games.
  - a. Scrimmages, practices, and team meetings are not included in the suspension.

## Sportsmanship

---

Forsyth School is committed to the belief that participation in athletics both as players, spectators and coaches, supplements and enriches the students' educational experiences. Such participation, however, is a privilege that carries with it responsibilities to the team, the school, the community and the student himself. Whether participating as a player or a spectator, athletics should contribute to the student's knowledge, skills, appreciation of fair play and ideals of sportsmanship, thereby making each a better person and citizen. When and where athletics fail to provide these desirable values, they cease to serve their true purpose.

**THE FIRST RULE OF SPORTSMANSHIP IS COURTESY TO EVERYONE AROUND YOU - YOUR CLASSMATES, VISITORS, PLAYERS, COACHES AND OFFICIALS.**

## Rules of Good Conduct & Sportsmanship

---

1. No objects of any kind should be thrown onto the court or field. Besides the possibility of inflicting an injury, this shows lack of respect for your school and opponents.
2. No vulgar language or suggestive gestures will be allowed.
3. Booing officials and opposing team members is prohibited. A mature person accepts the game officials' decisions and respects guests (sometimes you are the guest).
4. All yelling, screaming, cheering should be **FOR** your own team and **NOT AGAINST** the opposing team - appreciate a good play, no matter who makes it.
5. Quiet during free throws should be observed for both teams. Any comments, such as "air ball", "rebound", or counting dribbles are in poor taste.
6. MSHSAA rules prohibit the use of signs or posters by spectators.
7. Only authorized school personnel should be on the floor at any time. No one should block the view of other spectators.
8. Stay in seated area during the game. Go to the lobby, restroom or get refreshments only at half time or between games.
9. Unsportsmanlike conduct on the part of others **SHOULD NOT** be an example for us. We should set the example of good sportsmanship always.
10. Once a student leaves the building, he/she will not be allowed to re-enter without paying admission.
11. Students not following rules at activities will be required to leave and may lose privilege to attend future events.

## Practice and Game Attendance

---

The policy will be established by each activity and it will be the coach's discretion as to how practice and game attendance is handled.

## Injuries – Practice/Games

---

All injuries should be of great concern to the coach and should be documented and reported to the office. If necessary, and in the judgment of the coach, the parents and/or medical emergency personnel should be called. Student/athletes under the care of a physician must have release from that physician before being allowed to resume practice.

# FORSYTH R-III SCHOOL DISTRICT TECHNOLOGY ACCEPTABLE USE POLICY

---

## Terms of Forsyth R-III School Laptop Use Agreement

---

By using or taking possession of a laptop owned by Forsyth R-III School, a user and their parents/guardians are agreeing to comply with these Terms of Laptop Use Agreement, \*Forsyth R-III School District Technology Usage Policy EHB & EHB-AP, and the expectations detailed in the Student/Parent Laptop Handbook.

View the [District Tech Usage Policy](#) for more details.

View the full [Student/Parent Laptop Handbook](#).

## File Storage & Back-Up

---

Every student is provided O:drive server space on the school district's network for storage of school-related files and content.

- Content saved on the device's desktop or C:drive is not stored on a network and, therefore, is lost if a device requires repair or maintenance and cannot be recovered.
- Flash drives, SD Cards, etc. formatted as storage devices can be used on Forsyth R-III School laptops.
- Anytime a device requires repair or maintenance, all data and documents stored locally on the device will be lost.

## Wireless Internet Access

---

- All Forsyth R-III School usage expectations and policies pertain to use on public Wi-Fi networks just as they do when at school.
- Forsyth R-III School laptops can connect to any standard Wi-Fi network or secured Wi-Fi network for which the user has the appropriate network key or pass code to connect.
- Many public destinations now offer free public Wi-Fi to its patrons that can provide your Forsyth R-III School laptop Internet access away from school.
- Forsyth R-III School laptops cannot be used with Wi-Fi networks that require installation of networking software, reconfiguration of security settings, manipulation of firewall settings, use of network connection wizards, or manually assigning an IP address.

## Content Filtering

---

- Forsyth R-III School employs a 3rd party filtering application on all district computers that is updated regularly. These updates are pushed to student devices each time they are logged on to the district's network.
- The content filter, as configured by the district and as it operates on the device in possession of a student who is using the device in compliance with the Student/Parent Laptop Handbook and the district's Technology Usage Policy EHB & EHB-AP will restrict inadvertent access to unapproved content online and deter attempts to deliberately access unapproved content online. This does not absolve the user from attempting to access unauthorized or inappropriate sites on the Internet.
- Because of the nature of the Internet, no content filter is capable of preventing all access to all online content that is not school-related. Although the content filter will provide a degree of protection to the user and the device, the user assumes responsibility for not accessing content that is not school-related, whether blocked by the filter at that particular time or not.
- Attempts to disable, reconfigure, or circumvent the content filter is a violation of the aforementioned usage policies and can result in administrative referral for disciplinary consequences or restrictions of a student's technology use privileges.
- Any access of online content not school-related.
- Any access of unapproved content online, whether through a district-owned device, personal cell phone, or any other personal electronic device, while at school is a violation of usage policy and prohibited.

## Virus Protection

---

- Forsyth R-III School employs a 3rd party virus protection application on all district computers that is updated regularly. These updates are pushed to student devices each time they are logged on to the district's network.
- The virus protection, as configured by the district and as it operates on the device in possession of a student using the device in compliance with the Student/Parent Laptop

Handbook, and the district's Technology Usage Policy EHB & EHB-AP will restrict inadvertent download of unapproved materials and deter attempts to deliberately download unapproved materials. This does not absolve the user from attempting to download unauthorized materials that can compromise a device or the network.

- Attempts to disable, reconfigure, or circumvent the virus protection is a violation of the aforementioned usage policies and can result in administrative referral for disciplinary consequences or restrictions of a student's technology use privileges.
- Any download of unauthorized content, whether on a district device or on any personal media storage device (flash drive, SD card, CD, memory card, etc.) that connects to a school device is a violation of usage policy.

## Consequences

---

All discipline violations pertaining to Internet, laptop, or network use will be addressed and fall under the [Code of Student Conduct](#). Furthermore, additional restrictions may be imposed, including (but not limited to):

- Restriction of network access.
- Suspension of take-home privileges.
- Suspension of laptop privileges.

In the event of a suspension of laptop privileges, desktop computers and other resources will be made available to the student for the duration of the suspension.

The technology coordinator, in conjunction with the appropriate building administrator, will make all decisions regarding whether a user has violated this policy and may deny, revoke, or suspend access at any time.

## PUBLIC NOTICES & FORMS

---

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The public school district assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The public school district assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The public school district assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The public school district has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency’s policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency’s assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed during regular school hours (8a.m. – 4p.m.) on days school is in session, in the office of the Superintendent of Schools.

This notice will be provided in native languages as appropriate.

## Surrogate Parent Program

---

Pursuant to the requirements of state law, the State Board of Education is required to appoint a surrogate parent at such time as it becomes evident that a child with a disability does not have a parent or a person acting as a parent to participate in matters dealing with the provision of special education. For purposes of surrogate parent appointment, “parent” is defined as a biological parent, a guardian, or a person acting as a parent of a child including, but not limited to, a grandparent, a step parent, or a foster parent with whom the child lives. The term does not include the State if the child is a ward of the State. The term does not include a person whose parental rights have been terminated.

The local school district is given the responsibility to determine when a child with a disability who requires special education and who resides in the district is without a parent. The district must notify the Missouri Department of Elementary and Secondary Education of the need to appoint a surrogate parent. Training for persons serving as surrogate parents will be provided by the Missouri Department of Elementary and Secondary Education and the District.

If you are interested in volunteering to serve as a surrogate parent more information can be obtained from the district’s Director of Special Services at 417-546-6384.

## Standard Complaint Resolution Procedure for No Child Left Behind Programs

---

This complaint resolution procedure applies to all programs administered by the Missouri Department of Elementary and Secondary Education under the No Child Left Behind Act (NCLB).

A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplied, or misinterpreted by school district personnel or by Department of Education personnel.

Any parent or guardian, surrogate parent, teacher, administrator, school board member or other person directly involved with an activity, program, or project operated under the general supervision of the Department may file a complaint. Such a complaint must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted.

The written, signed complaint must be filed and the resolution pursued in accordance with local district policy:

If a complaint has been made and appealed in accordance with administrative procedures, the parent/guardian or member of the public may appeal the issue to the Board by submitting a written request to the superintendent or the secretary of the Board. The Board will address the complaint in an appropriate and timely manner.

If the issue cannot be resolved at the local level, the complainant may file a complaint with the Missouri Department of Education. If there is no evidence that the parties have attempted in good faith to resolve the complaint at the local level, the Department may require the parties to do so and may provide technical assistance to facilitate such resolution.

Any persons directly affected by the actions of the Department may file a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplied, or misinterpreted by the Department itself.

Anyone wishing more information about this procedure or how complaints are resolved may contact local district or Department personnel.

## Annual Notification to Parents & Employees – Part I

---

Dear Parents and Employees;

Asbestos is an issue we have been dealing with for many years. The Asbestos Hazard Emergency Response Act of 1986 (Referred to as AHERA) was enacted by Congress in 1987. AHERA was enacted to determine the extent of and develop solutions for any problems schools may have with asbestos.

To give you some background, asbestos has been used as a building material for many years. It is a naturally occurring mineral that is mined primarily in Canada, South Africa, and the USSR. Asbestos properties made it an ideal building material for insulating, sound absorption, decorative plasters, fireproofing, and a variety of miscellaneous uses. There have been over 3,000 different products made using asbestos materials. EPA began action to limit uses of asbestos products in 1973 and most uses of asbestos products as building materials were banned in 1978.

We continuously have our facility inspected by our LEA Rep., as required by AHERA. Soon our facilities will be re-inspected by a qualified asbestos Inspector/Management Planner as required by AHERA every three years. The inspectors inspect all areas that were classified or assumed to be asbestos. The inspections to this date revealed no changes and that all areas were in good condition.

A copy of the asbestos management plan is available for your inspection in our administrative offices during regular office hours. Our Asbestos Program Manager will answer all inquiries regarding the plan.

We will continue to implement the asbestos management plan. We are intent on not only complying with, but exceeding federal, state and local regulations in this area. We plan on taking whatever steps are necessary to insure your children and our employees have a healthy, safe environment in which to learn and work.

Level One – Principal or Immediate Supervisor (Informal and Optional – may be bypassed by the grievant) – Employees with a grievance of nondiscrimination on the basis of sex, race, national origin or disability may first discuss it with their principal or immediate supervisor, with the objective of resolving the matter informally. A student or parent with a complaint of discrimination on the basis of sex, race, national origin or disability may discuss it with the teacher, counselor or building administrator involved.

Level Two – Title IX and Section 504 Coordinator(s) – If the grievance is not resolved at level one and the grievants wish to pursue the grievance, they may formalize it by filing a written complaint on a Compliance Violation Form, which may be obtained from the Title IX and Section 504 Coordinator. The complaint shall state the nature of the grievance and the remedy requested. The filing of the formal, written complaint at level two must be within fifteen (15) working days from the date of the event giving rise to the grievance or from the date of grievants could reasonably become aware of such occurrence. The grievants may request that a meeting concerning the complaint be held with the Title IX and Section 504 Coordinator who shall investigate the complaint and attempt to solve it. A written report from the Compliance Office regarding action taken will be sent within fifteen (15) working days after receipt of the complaint.

Level Three – Superintendent – If the complaint is not resolved at level two, the grievants may proceed to level three by presenting a written appeal to the Superintendent within ten (10) working days after the grievants receive the report from the Title IX and Section 504 Coordinator. The grievants may request a meeting with the Superintendent or his/her designee. The Superintendent or his/her designee has the option of meeting with the grievant to discuss the appeal. A decision will be rendered by the Superintendent or his/her designee within ten (10) working days after receiving the written appeal.

Level Four – Board of Education – If the complaint is not resolved at level three, the grievants may proceed to level four by presenting a written appeal to the President of the Board of Education within ten (10) working days after the grievants receive the report from the Superintendent. The grievants may request a meeting with the grievant to discuss the appeal. A decision will be rendered by the Board of Education at their next regularly scheduled meeting. The grievant will be notified in writing of their decision within (10) working days after the Board of Education action.

This procedure in no way denies the right of the grievants to file formal complaints with the Missouri Civil Rights Commission, the Office for Civil Rights, or other agencies available for mediation or rectification of rights grievances, or to seek private counsel for complaints alleging discrimination.
